

 FORBES <small>PACKAGING</small>	<h2>Occupational Health and Safety Policy</h2>	Rev No.	1.0
		Date	01.06.20

At Forbes Packaging, we are committed to maintaining and improving a healthy and safe working environment for our workers and other persons in the workplace.

We will create, maintain and ensure safe work practices and will reduce health and safety risks and prevent work-related injury and ill health through the application of technology and safe work practices by:

- Focusing on the prevention of risks and minimising their adverse impact on workers.
- Eliminating hazards and reducing OH&S risks by Hazard Identification and Risk Assessment exercises.
- Implementing controls to reduce risk where hazards cannot be eliminated.
- Setting annual objectives, programs and targets and adopt controls and methods for continuous improvement.
- Implementing systems and processes to ensure that OH&S targets and objectives are met.
- Following safe work practices and continually improving the effectiveness of the system.
- Complying with all applicable legal and other requirements as well as taking any additional measures considered necessary.
- Implementing and propagating the OH&S Policy through proper communication, active involvement and participation of workers.
- Providing appropriate training and information to ensure all workers are aware of their roles and responsibilities in ensuring a safe and healthy workplace.
